YASH KATARIA

Data Analyst | Delhi, India
+91 7827949925 | katariaayash28@gmail.com | linkedin.com/in/katariaayash | github.com/Katariayash28

CAREER SUMMARY

Data Analyst with **1.5+ years** of experience in **sales and inventory analytics, KPI reporting, dashboard development** and **reporting automation**. Strong in **SQL, Python, Power BI** and **advanced Excel**, with a track record of cutting manual reporting effort (**12 hours per week**), improving data quality (**30% fewer errors**) and supporting demand forecasting. Also applies prompt engineering and agent-based automation to speed up analysis workflows.

TECHNICAL SKILLS

Analysis and Visualization: EDA, Data Cleaning and Validation, Hypothesis Testing, A/B Testing, Trend Analysis, Root Cause Analysis, Power BI, Advanced Excel (VLOOKUP, Pivot Tables)
Programming and Tools: Python (Pandas, NumPy, Scikit-learn), SQL (joins, CTEs, subqueries, aggregations), Jupyter, VS Code, Git
Data Handling: ETL, API Integration, Data Extraction, Report Automation, Recurring Dashboards and MIS Reports, Web Scraping (Scrapy, Selenium)
Databases: MySQL, PostgreSQL
AI and Automation: Prompt Engineering, Agent-based Automation, LLM, LangChain, RAG
Soft Skills: Problem-Solving, Data Storytelling, Communication, Stakeholder Management

PROFESSIONAL EXPERIENCE

Data Analyst | Sayam International *May 2026 - Present*

- **Automated** weekly reporting workflows in **Python**, saving **12 hours** of manual effort per week.
- Identified **seasonal demand patterns** that improved **forecast accuracy by 25%**, supporting proactive inventory planning across product categories.
- Built **MIS reports and Business Intelligence dashboards** tracking **sales, inventory and revenue KPIs**, giving leadership daily and weekly visibility into performance.
- Analyzed sales data with **SQL** (joins, aggregations, subqueries) to surface **product-level trends** that informed **pricing and promotion decisions**.
- Cleaned, transformed and validated business datasets using Excel, SQL and Python, **reducing data errors by 30%**.

Data Analyst | Espranza Innovations Pvt Ltd *Apr 2025 - Mar 2026*

- Analyzed **50,000+ records** using **SQL and Python** to identify business trends and anomalies that informed operational decisions.
- Built **Power BI dashboards** tracking key KPIs, giving stakeholders a single, centralized view of business performance.
- Designed **ETL workflows** in Python and SQL to extract, transform and load reporting data from multiple business sources, replacing manual data preparation.

Data Science Intern | First Quadrant Labs

- **Retail Price Optimization:** Analyzed 676 records across 52 products and 9 categories to identify pricing patterns and engineer predictive features.
- **Osteoporosis Risk Prediction:** Processed 1,958 records and achieved **87.50% accuracy** and **86.20% F1-score** with a tuned Decision Tree classifier.
- **Power Consumption Forecasting:** Evaluated regression models using MAE, RMSE, R2 and MAPE to assess forecast performance and reliability.

KEY PROJECTS

Customer Churn Prediction and Analytics | GitHub *Python, Scikit-learn, Streamlit, SHAP*

- Built an interactive **Streamlit** application to analyze customer churn, visualize retention patterns and generate **machine learning predictions**, with **SHAP**-based model explainability.
- Performed exploratory and **root-cause analysis** on **5,000 telecom customer records** across contract type, acquisition channel and segments. A **Chi-Square test** confirmed **42% higher churn** among month-to-month customers, leading to targeted retention recommendations.

E-commerce Data Crawling and Analysis System | GitHub *Python, Scrapy, Selenium, SQL*

- Built **web crawlers** to extract product-level data (price, availability, ratings) from multiple e-commerce platforms.
- Developed automated pipelines for storage, cleaning and analysis using Python and SQL, reducing manual data collection effort by **about 70%**.

EDUCATION

Master's in Artificial Intelligence and Machine Learning (ODL) | IGNOU | Pursuing
B.Sc. (Hons) Biotechnology | Amity University | 2022 - 2025
Data Science and Generative AI Certification | Boston Institute of Analytics

LEADERSHIP

Captain, Inter-College Kho-Kho Team (12 members) | 2nd Position, Inter-College Shot Put | Hospitality Coordinator, AYF
